HP DesignJet T850 36-in Printer

The world's easiest half-size to D size printing experience to maximize your team's agility[1]

THE EASIEST[1]–Multi-size printing in one click

- Do it all–print half-size print jobs using the integrated input tray, without manually changing from roll to sheets.
- Achieve high-quality CAD and renders across print sizes with pigment-based HP Flex Tech Inks.
- Avoid distractions with fewer ink interventions thanks to 130/300-ml cartridges.

CONNECTED–Work securely from virtually anywhere

- Save time with HP Click–print in fewer steps and avoid printing errors with print preview.
- Protect your printer and data from cyberthreats without any effort thanks to HP Wolf Pro Security.
- Stay on task with HP app[2]–manage your device and print from virtually anywhere using your mobile or tablet.

GO BEYOND–Meet office and environmental needs

- Advance environmental goals–printer is made with at least 35% recycled plastics[3] and supplies can be recycled[4].
- Invest in a robust and compact plotter that's designed to last.
- Reduce energy and ink waste–auto schedule printer on/off usage and enjoy efficient ink maintenance routines.

Sustainability in action

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds

Messaging Footnotes

[1] Based on test results using HP Click with the HP DesignJet T850. This solution enables printing in fewer steps compared to main competitor printing solutions. Printing a 5-page mixed job set with A1 and A3 takes 3 steps using HP Click vs. 12 steps with competitor A and 8 steps with competitor B. Testing performed by Sogeti, April 2023. Detailed test report is available upon request.
[2] Requires HP app download available at https://www.hp.com/go/mobileprinting . Certain features are available in English language only and may vary by printer model/country, and between desktop/mobile applications. HP reserves the right to introduce charges for use of functionality facilitated by the HP app. Internet access required and may not be available in all countries. HP account required for full functionality. List of supported operating systems available in app stores.
[3] HP One-click printing with HP Click software. HP Click software is only compatible with Original HP ink supplies. Applicable to PDF, JPEG, TIFF, DWF, and HP-GL/2 files.
[4] Declared %RCP content is based on the quantity and weight of parts made with RCP resin over the total plastic parts.
